Learning Agreements (properly signed and stamped by the home university) must be handed in to Esade’s Registrar’s office during the 1<sup>st</sup> term of the month (once the registration is confirmed).

Erasmus+ students will be asked to complete their  through the Erasmus Without Paper platform and following the dates set by Erasmus+.

When filling in the Learning Agreement in your home university platform, it is very important that you correctly fill in the following fields:

- Name of the course
- ECTS
- Esade’s Course ID: This is a number which usually starts with zero, e.g. “009842”. It is important that you also include the zeros, as otherwise our system will not recognize it and the learning agreement will automatically be rejected.

All of the information needs to exactly match the courses that you are enrolled in at Esade. If there is not an exact match, the learning agreement will be automatically rejected.

A Moodle page will be opened, from where nominated exchange students can carry out all formalities, including accessing the Exchange Information (available from around June/July) as well as completing the online course registration.

Attendance is required in all courses.

Students are evaluated at the end of the semester as well as continuously throughout the semester. Exams are mostly written, but are sometimes conducted orally, or even through take-home assignments. Projects may also be required.

Affected students have to fill in the corresponding form to request the pertinent accommodations and send an e-mail to PACS ([pacs@esade.edu](mailto:pacs@esade.edu)) along with the corresponding medical/psychological report. The timeframe will be 6 weeks before the exam date.

Official transcripts will be available at the end of February / early March (for fall term students) and at the end of July (for spring term students) and will be sent directly to the students by email with a link to be downloaded. Esade's Business School as well as some Law School Programs (including the Undergraduate Exchange Program in Politics or Economics) are taught on the Esade Campus in Sant Cugat, a fairly quiet town with around 95,000 inhabitants outside of Barcelona. Students based on the Sant Cugat Campus also have access to all the facilities in Buildings 1, 2 and 3 in Barcelona-Pedralbes (downtown campus). The Sant Cugat Campus incorporates Creapolis, an innovation center, and the Roberto-de-Nobili Student Residence.

The Sant Cugat Campus is well connected to Barcelona by train (Ferrocarrils de la Generalitat de Catalunya FGC) and by bus. Trains leave every 5-10 minutes, and the journey takes around 25 minutes. It takes around 13-15 minutes to get from the Sant Cugat station to Esade by walking or by bus.

Esade does not have housing facilities for students in downtown Barcelona, but students are welcome to stay at the [Residencia Sarrià](#), which is a 15-minute walk from the Pedralbes (downtown) campus and about 25 minutes from the Sarrià train station. In Sant Cugat, the [Roberto de Nobili Residence Hall](#) is available on campus.

One of the great advantages of living in Sant Cugat is the proximity to your classes and the slower pace of living in a quiet suburb; getting to class will take minutes from almost anywhere in Sant Cugat. On the other hand, Barcelona offers all the services of a large city. However, the biggest drawback to living in Barcelona is the commute to the campus (25 minutes by commuter train + 15 minutes biking/walking/bus to campus).

There is a large amount of available housing in Barcelona, but it can be relatively expensive, and it takes time to find. Looking for an apartment on your own requires knowledge of the different areas (barrios/barris) in Barcelona because prices can vary substantially from one area to another.

Only make money transfers to reputable agencies! Even then, make sure you use their platform, and have not been sent a link which takes you outside the platform. The neighbourhoods which are most popular with Esade students are Gràcia, Sant Gervasi

All international students are required to have health insurance for the entire time they are in Spain. *Proof of health insurance with international coverage will be required to complete registration.*

Students from EU/EEA countries need to bring the European Health Insurance Card for free medical assistance from the Spanish public health system.

Students from Non-EU countries are required to arrange private insurance to cover medical care in Spain and check with the insurance company about the specific details and exact procedure to follow should they need medical attention while in Spain.

and citizens of Norway, Iceland, Liechtenstein and Switzerland do not require a visa to enter Spain. All you need is a national identification card or passport.

All applicants from non-EU countries need a visa to study in Spain. In order to get a visa, all students must apply at the embassy or consulate of Spain in their home country at least 2 months before their planned date of departure.

Documentation that you may be required to present when applying:

- Passport
- Passport-size photos
- Proof of financial means
- Admission letter from Esade (Invitation to housing included)
- Proof of medical insurance including repatriation
- Other documentation specific to your situation
